

## **Thought Matters Seminar**

A monthly gathering for theological reflection and discussion hosted by Booth College of Mission.

**Thursday 27<sup>th</sup> November 2014  
7.30pm in the BCM chapel**

### **The Body *in* Biblical Terms**

**Major David Noakes**

**The human body is on display everywhere. Does it matter how the body is imagined and spoken of? Do Christians differ in how we think of the human body?**

**Major David Noakes will explore some common Christian perceptions of the human body. He will not only look at doctrine, but will consider how contextual and systematic theologies have historically thought of and with the body.**

**Major Noakes is currently Principal of Booth College of Mission. He holds degrees in Education and Religious Studies and has completed post graduate studies in clinical supervision and theology. Somewhat of a send-off, this will be Major Noakes' last presentation before becoming the Divisional Commander of Fiji.**
